ABOUT ME

IT SUPPORT with hands-on experience in IT support, particularly in hardware and technical-related tasks. I enjoy troubleshooting, solving technical problems, and using my knowledge and skills to provide reliable support in the workplace. I also have experience in wholesale and retail operations, including value card production using IBM Series systems. I am willing to learn new skills, adapt to different work environments, and take on new challenges. I am committed to doing my best in every task and contributing positively to the team and organization.
